

Al-Aqmar Tinwala

AI Architect · Full-Stack Developer · Published Author x2 · Privacy Advocate · Rust Enthusiast · 13 & Unstoppable

القمر — "Al-Aqmar" means The Moon ✨

"I'm 13 and just getting started."

Al-Aqmar Tinwala is a 13-year-old AI Architect crafting high-performance intelligence with a soul. Every line of code is guided by one principle: **Heart First**. Technology should serve people with dignity, not extract value from them.

Core Principles

🌟 Heart First

Technology for genuine impact.

🔒 Privacy-First

Zero-retention by design.

Live Products (Portfolio)

🌟 FLAGSHIP

📄 eSAMz AI

Flagship privacy-first AI. 128k context, web search, powered by Sarvam 105b. Serving 3,000+ users with zero data retention.

Rust

Sarvam 105b

esamz.info →

Neon Tic-Tac-Toe

Minimalist, high-contrast gaming experience. Dark-mode first, responsive, and optimized for performance.

Vanilla JS

HTML5/CSS3

tic-info.vercel.app →

PivotIQ

Startup idea validation. Helps founders test concepts with investor-style prompts and risk checks.

Gemini

Strategy

pivot-iq.info.vercel.app →

RealLearn

AI-powered adaptive learning. Transforms one question into a 3-part journey with real-world context.

Sarvam 105b

EdTech

reallearn-info.vercel.app →

MindEase

Emotional support chatbot. On-device only, 20 languages, voice output. Zero storage.

On-Device

Wellness

me.esamz.info →

Hissab

Sales tracker for Indian small businesses. Mobile-first, 30-day analytics, profit margins.

Finance

Analytics

hisaab.esamz.info →

CiboCocinar

Voice-first cooking assistant. <200ms latency. Hands-free kitchen guidance.

Voice AI

Cooking

cibo.esamz.info →

SeeMarket

Market intelligence. Live movers, watchlists, AI-powered symbol Q&A for traders.

Fintech

Real-time

Coming Soon

Fit The Color

Advanced color compatibility engine. Strategic design decisions with mathematical analysis.

Next.js 15

Design QA
